GENERAL REGULATIONS

SECTION 2

2.1 Applicability of General Regulations

Except as otherwise specified in this Bylaw, Section 2 applies to all zones established under this Bylaw.

2.2 Bylaw Definitions

Within this Bylaw, permitted uses are outlined for each zone. These permitted uses are further elaborated and defined in Section 5, “Definitions”, of this Bylaw, where they may differ from their common usage or meaning.

2.3 Permitted Uses

Except where specifically excluded, the following uses, buildings, and structures are permitted in every Zone:

a) highway and transportation rights-of-way held by, or on behalf of, a government;

b) parks, including playgrounds and playfields, walking, bicycling and equestrian trails, and paths and ecological reserves;

c) public utilities, such as electrical and telephone lines, pipelines, traffic control devices, public utility poles, and underground utility systems;

d) radio, television, and cellular and transmission towers;

e) community water system facilities, including reservoirs, treatment plants, pumping station intake structures, and supply lines;

f) community sewage system facilities, including treatment plants, sewage pumping stations, storm drainage retention ponds, and sewer service lines;

g) ditches and culverts;

h) temporary use of a building or structure as a polling station for government or school board elections, referenda, or census providing such a use does not exceed 60 days.

2.4 Prohibited Uses

Except where specifically permitted, the following uses, buildings and structures are prohibited in every Zone:

a) private airports and heliports, unpaved air strip¹, except a private airport or heliport used only for emergency landing or evacuation, in connection with a medical emergency or other emergency as defined in the \textit{Emergency Program Act};

b) storage of refuse or waste disposal/processing not produced on the property²;

Electoral Area ‘F’ Zoning and Subdivision Bylaw No. 1285, 2002
General Regulations

Section 2 – Page 2

c) kennels, breeding pets, or a boarding facility;  
d) the disposal or storage of hazardous, contaminated, biomedical or toxic waste;  
e) the storage of contaminated soil, if the contaminated soil did not originate on the same legal parcel of land;  
f) vehicle wrecking yard;  
g) slaughtering of livestock, food processing, and the processing of seafood;  
h) intensive agriculture including feedlots, stockyards, and slaughterhouses except in A-1, subject to Agricultural Land Reserve Commission review;  
i) commercial laundry facility;  
j) commercial composting facility;  
k) chemical manufacturing;  
l) petrochemical refining;  
m) explosives/ammunition manufacturing;  
n) battery manufacturing;  
o) outdoor chemical treatment of poles, fence posts, and wood products;  
p) metal smelting/electroplating;  
q) water bottling facilities;  
r) accommodation for agri-tourism;  
s) the production, storage, and application of Class A compost in compliance with the Organic Matter Recycling Regulation, B.C. Reg. 18/2002;  
t) medical marihuana production.

2.5 Runoff Control Standards

1. This section applies to:
   a) Lots zoned Industrial, Salvage and Wrecking, Comprehensive Development, Mixed Use, Commercial; and  
   b) Lots on which a Home Based Business is an accessory use and is being carried out.

2. Where a building or structure including a roof area has been constructed or land has been developed to include a paved area, the owner must manage and provide for the ongoing disposal of surface runoff and stormwater in accordance with the requirements of Section 2.5.

3. Where a building or structure including a roof area has been constructed or land has been developed to include a paved area, the landowner must provide for the discharge of surface runoff and stormwater by ensuring that the surface runoff and stormwater containing

4 Bylaw No. 1285.01, adopted April 13, 2004
5 Bylaw No. 1285.01, adopted April 13, 2004
6 Bylaw No. 1285.01, adopted April 13, 2004
7 Bylaw No. 1285.01, adopted April 13, 2004
8 Bylaw No. 1285.01, adopted April 13, 2004
Domestic Waste, Trucked Liquid Waste, Flammable or Explosive Waste, Corrosive
Waste, High Temperature Waste, pH Waste, and Disinfectant Process Water, is not discharged or
disposed of onto the surface of the land or into a stormwater collection channel or
watercourse.

4. Where a building or structure including a roof area, that is greater than 400 m², has been
constructed or land has been developed to include an impervious paved parking area with
more than 10 spaces, the landowner must provide for the discharge or disposal or all
surface runoff and stormwater into stormwater collection and discharge systems that are
designed to include grease, oil, and sedimentation removal facilities.

5. Where a building or structure including a roof area has been constructed or land has been
developed to include a paved area, the landowner must ensure that any stormwater that
contains suspended solids in concentrations that would:

a) exceed 75 milligrams per litre, as determined by either a grab sample or a composite
sample, or
b) cause the water quality in the watercourse receiving the stormwater to exceed the
maximum induced suspended sediments guidelines as set out in Table 2 of the British
17, 2001 published by Ministry of Environment, Lands and Parks (Ministry of Water,
Land and Air Protection);

is not discharged into a stormwater collection channel or watercourse.

6. Except for lots where Home Based Business is an accessory use, where a building or
structure is to be constructed or land is to be developed to include a paved area, the owner
must ensure that movement of surface and subsurface soils and excavations shall be
designed and completed not to disturb the impermeable soils protecting the aquifers in the
subsurface and a professional engineer shall review all site excavation works to ensure that
the natural drainage characteristics of the land will be impaired as little as possible.

2.6 Storage of Fuel

1. No lot shall be used for the storage, warehousing, distribution or wholesale of any type of
fuel or flammable or combustible liquids in tanks with a capacity in excess of 4546 litres,
except for lots that are zoned Industrial or Mixed Use, and for lots permitting a gasoline
service station use.

2. No lot shall be used for the underground storage of fuels, solvents, chemicals, fertilizer, and
petrochemical products are permitted. All uses that involve the storage of fuels, solvents,
chemicals, fertilizer, and petrochemical products, except on parcels zoned residential, must
be carried out within double walled containers or on an impervious containment pad
designed to contain and store the entire capacity of the storage container in the event that
any leaching or spillage occurs.
2.7 Accessory Buildings and Structures

Buildings and structures accessory to the permitted principal use of a lot are permitted in each zone, unless otherwise specified, provided:

a) that the principal use is being performed on that lot; or
b) a building or structure for the principal permitted use has been, or is in the process of being, constructed on the lot.

2.8 Location and Siting of Buildings

No principal building or accessory building or structure shall be located in any required front, side, or rear yard setback.

2.9 Setbacks

Minimum setbacks for a building or structure shall be 4.5 metres from the front lot line and exterior lot line and 2 metres from all other lot lines except for:

a) The minimum setback for a building, structure or equipment used for a Temporary Sawmill shall be 15 metres from all lot lines.

b) The minimum setback for a building, structure or equipment used for a Primary Mineral Processing use, adjacent to lands zoned R-1 or R-2, or R-3, shall be 30 metres from all lot lines.

c) All buildings and structures on parcels adjacent to the Vancouver Island Highway No. 19 shall be setback a minimum of 30 metres from the Vancouver Island Highway No. 19 right-of-way.

d) All buildings and structures used for medical marihuana production on lands within the A-1 zone shall be setback a minimum of 30 metres from all lot lines.

2.10 Setback Requirements from Watercourses

1. The minimum setback for construction of a building or structure from the Little Qualicum River, the portions of French Creek north of Highway 4A, and the Englishman River shall be 30 metres from the natural boundary, or, where there is a bank within 30 metres of the natural boundary, 30 metres from the top of the bank.

2. The minimum setback for construction of a building or structure for all other watercourses identified on Map 3 of the “Regional District of Nanaimo Electoral Area ‘F’ Official Community Plan, Bylaw No. 1152, 1999” shall be 15 metres from the natural boundary, or, where there is a bank within 15 metres of the natural boundary, 15 metres from the top of the bank.

3. The minimum setback for buildings or structures adjacent to all other watercourses not specified in Sections 2.10.1 or 2.10.2 shall be 8 metres from the natural boundary.
2.11 Setback Exemptions

1. The following buildings, structures or uses are exempt from minimum setback requirements of this Bylaw, provided that they are not located within a setback established under sections 2.9.c), 2.10 or 2.13 of this Bylaw:
   a) steps, stairs or ramp;
   b) arbour/trellis;
   c) flagpole;
   d) patio or deck no more than 0.6 metre in height from the existing natural grade;
   e) radio, television, or cellular and transmission tower;
   f) parking space, driveways and aisleway;
   g) fence under 2.5 metres in height;
   h) landscaping structure or mechanical device less than 1 metre in height and depth including retaining wall, pool, and above ground tank.

2. Where a common wall is shared by two or more units within a strata plan, as provided in the Strata Property Act, the setbacks for the principal building specified in the Bylaw with respect to the side lot line shall not apply.

2.12 Height Exemptions

The following structures or parts of buildings may exceed a height restriction under this Bylaw:
   a) spire, steeple or belfry attached to a church or public building;
   b) observation tower attached to or constructed in relation to an emergency services use;
   c) chimney;
   d) radio, television, cellular and transmission tower, and communication antenna;
   e) flagpole;
   f) elevator and ventilation shaft;
   g) construction crane;
   h) amusement park ride;
   i) structures required for the operation of a farm in accordance with the Farm Practices Protection (Right to Farm) Act.

2.13 Visibility at Intersections

1. No fence, wall, structure, hedge, shrub, tree or other growth shall be erected or permitted to grow to a height greater than 1 metre from the established grade of a highway within a sight triangle.
2. For the purposes of this Section, a visibility sight triangle shall include that part of a lot within a triangle formed by joining points on lot lines 6 metres from the point of intersection of a highway as illustrated in Figure 2.1:

![Figure 2.1 Visibility Sight Triangle](image)

2.14 Signs

1. Signs are not permitted in any zone except as permitted in this bylaw. Maximum number and types of signs are permitted in zones as outlined in Table 2.1 below:

<table>
<thead>
<tr>
<th>Zone</th>
<th>Regulations</th>
</tr>
</thead>
<tbody>
<tr>
<td>a. FR-1</td>
<td>i.) 1 sign per lot advertising the use on that lot</td>

</tbody>
</table>
2. Real estate signs, indicating properties for sale, may be temporarily displayed in any zone provided the sign is located on the property for sale.

3. Temporary real estate directional signs, not exceeding 0.5 m² in sign face area, may be sited on any lot to direct the travelling public.

4. All sign structures for lots located adjacent to the Vancouver Island Highway No. 19 or that portion of Highway No. 4, located between the Highway 19 interchange and the Highway No. 4 intersection, must be located within 10 metres of the nearest adjacent highway other than the Vancouver Island Highway No. 19 and the portion of Highway No. 4 located between the Highway 19 interchange and the Highway No. 4A intersection.

2.15 Home Based Business – Regulations

1. A Home Based Business shall:
   a) be accessory to the residential use of a lot;
   b) be conducted by the permanent residents of the lot on which the home based business activity is located;
   c) be located within a Dwelling Unit, attached garage or accessory building and may include accessory outdoor storage;
   d) not be carried out in an area that exceeds 400 m² of the floor area of the Dwelling Unit, attached garage or accessory building, including all accessory outdoor storage;
   e) notwithstanding subsection d), not occupy more than 49% of the floor area of the Dwelling Unit;
   f) have a maximum of 2 non-resident employees working on the lot;
   g) limit sales of related or unrelated goods combined with home based business product sales to a maximum of 1/3rd of home based business floor area;
   h) not include on-site retail sale of foods designed for immediate consumption other than breakfast served by a bed and breakfast to guests who have been provided overnight accommodation;
   i) in the case of a bed and breakfast, provide a maximum of three (3) guest rooms located only within the dwelling unit for use by members of the traveling public.

2. Notwithstanding the regulations in Section 2.15.1(d), for parcels zoned A-1, the Home Based Business shall not be carried out in an area that exceeds 200 m² of the floor area of the Dwelling Unit, attached garage or accessory building, and may include accessory outdoor storage in an area that does not exceed 200 m².

3. Section 2.15.1(d) does not apply to outdoor areas used for the cultivation of fruit, vegetables, flowers or other crops grown as part of a home based business.

4. Home Based Business may install a sign as outlined in Section 2.14.

---

9 Bylaw 1285.05, adopted October 25, 2005
5. The following uses are **not permitted** as a Home Based Business:
   a) animal breeding in excess of two litters per lot per calendar year;
   b) animal boarding;
   c) public assembly use or recreation facility;
   d) school pursuant to the *Schools Act*;
   e) processing or manufacturing of chemicals, solvents, paint, varnish, lacquer, rubber;
   f) slaughtering or butchering of animals;
   g) seafood processing or canning of foods with a pH level greater than or equal to 4.5;
   h) laundries or dry-cleaning;
   i) primary mineral processing;
   j) funeral home, cemetery, or crematorium;
   k) vehicle wrecking yard or dismantling of vehicles;
   l) waste disposal facility, recycling facility, or recycling other than the reuse of a recyclable material in the production of another finished product;
   m) marshalling of vehicles, equipment, or machinery;
   n) sale of automotive fuel, oil, or fluids;
   o) warehousing or storage of goods or chattels of a person other than an owner or occupant of the lot;
   p) retail sales where no products are produced or processed as part of the Home Based Business;  
   q) medical marihuana production.

6. Home Based Business shall not be permitted within a secondary suite.

7. Bed and Breakfast shall not be permitted on a lot that contains a suite.

8. Where a secondary suite is located on a lot less than 8,000 m² in area, the Home Based Business must be contained in a building.

2.16 Keeping of Animals

In all zones where Farm Use or Kennel are not permitted uses, the keeping of animals shall be limited to:

   a) household animals on lots 4000 m² or less;
   b) household animals in MHP zones;
   c) household animals and household livestock on all lots greater than 4000 m².
2.17 Parking

1. The owner or occupier of every building shall provide parking spaces in connection with the use of land as prescribed in this Bylaw or Ministry of Transportation standards, whichever is greater.

2. All required parking spaces shall be located on the same lot containing the use, building or structure being served.

3. The minimum number of parking spaces required for a use is calculated as follows:
   a) the minimum number of parking spaces is set out in Table 2.2;
   b) where the calculation of the required parking spaces results in a fraction, the nearest whole number above that calculation shall be taken;
   c) where a building contains more than one use, the required number of spaces to be provided shall be the sum of the requirements for each use;
   d) where seating accommodation is the basis for a unit of measurement under this Section and consists of benches, pews, booths or similar seating types, each 0.5 metres of length of such seating shall be deemed to be one seat; and
   e) if a use is not listed in Table 2.2, the required number of parking spaces to be provided shall be calculated on the basis of a similar use that is listed.

4. Each required parking space shall be a minimum of 5.65 metres in length and 2.75 metres in width.

5. Access and egress points to lots require an approved access permit from the Ministry of Transportation and be designed in accordance with Ministry of Transportation standards.

6. Where more than ten (10) parking spaces are provided, every parking area shall provide a minimum of 1 handicapped parking space for every 10 parking spaces. Each handicapped parking space shall be:
   a) at least 3.7 metres wide;
   b) located as close as possible to a main accessible building entrance; and
   c) clearly identified for its restricted usage by a sign incorporating the universal handicapped logo.
2.18 Secondary Suites

1. Secondary suites shall be permitted as a Permitted Accessory Use in the following zones: A-1, R-1, R-2, R-3.

2. A maximum of one (1) secondary suite is permitted per single dwelling unit to a maximum of two (2) per parcel of which only one (1) may be detached.

3. Secondary suites shall be subject to the following requirements:
   a) secondary suites within a principal dwelling unit must not exceed 40% of the habitable floor space of the building that it is located in nor 90 m² of total floor space, whichever is lesser;
   b) must not be located within a duplex, manufactured home, or multiple dwelling unit development;
   c) must provide at least two (2) additional designated off-street parking spaces (at least one (1) must have direct access to the street);
   d) shall be maintained under the same legal title as the principal dwelling unit to which it is accessory;
   e) must meet minimum setback requirements for a dwelling unit located in the applicable Zone Classification.
   f) must be limited to a maximum of two bedrooms and one cooking facility;
   g) must, on parcels without community sewer services, have the approval of the local Health Authority with respect to the provision of sewage disposal;
   h) must have its own entrance separate from that of the principal dwelling unit; and,
   i) must not be used for short term (less than one month) rentals.

4. A Secondary suite may be located within an accessory building subject to the following:
   a) The minimum site area requirement shall be 800 m² for parcels serviced with community water and community sewer or 8,000 m² in all other cases.
   b) The maximum floor area of an accessory building containing a secondary suite shall not exceed 40% of the habitable floor space of the principal dwelling unit which it is associated with nor 90 m² of total floor space, whichever is lesser.
   c) The secondary suite shall contain no interior access to any part of the accessory building and the means of access and egress must be external to the structure.

5. Home Based Business shall be in accordance with Section 2.15.

6. Despite any regulation in this Bylaw, land established as “Agricultural Land Reserve” pursuant to the Agricultural Land Reserve Act is subject to the Agricultural Land Reserve Act and Regulations, and applicable orders of the Land Reserve Commission.
