PURPOSE

To describe the conditions under which a water bill adjustment will be made for a water leak.

POLICY

1. Water account adjustments to a property may be considered once in a five year period if:
   - The property owner completes the form attached to this policy entitled Regional District of Nanaimo Water Services Department User Fee Adjustment for Water Leaks Application Form.
   - The leak was repaired within 14 days of the water billing or from the date the leak was discovered.
   - The property owner has provided the RDN with detailed receipts showing proof of repairs.
   - RDN Water Services personnel have verified that repair work has been undertaken and completed.

   Leaks in hot tubs, swimming pools, and decorative fountains are the responsibility of the property owner and do not qualify for adjustments.

2. Fees. For costs associated with customer service requests, the following fees apply:
   - $20.00 Administration Fee (all applications)
   - $50.00 Meter Accuracy Test Fee (if requested by applicant)
   - $50.00 Meter Re-reading Fee (if requested by applicant)
   - $200.00 Meter Replacement Fee (if requested by applicant)

   The above-noted fees are subject to GST. The administration fee will be waived if the leak is a result of a fault in the municipal system.

3. When the leak is associated with the main service line from the meter connection to the residence or commercial building, and when all other requirements to qualify for an account adjustment are met, the Manager of Water Services, in estimating the account, shall take the average billing at the property over the past three years for the billing period in question.

4. When the leak is associated with an irrigation system or in-home appliance such as a toilet or sink, and when all other requirements to qualify for an account adjustment are met, the Manager of Water Services, in estimating the account, shall take the average billing at the property over the past three years for the billing period in question, plus the value of 50% of the water used as a result of the leak. No customer shall pay more than $1,500 for the value of the leaked water. Therefore, to calculate the amount owing, the water bill will include the customer’s three year average consumption for that period, plus the value of 50% of the leaked water (to a maximum of $1,500), plus any other applicable fees as outlined in this policy.

5. All water billing disputes that go unresolved within the Water Services Department shall be referred to the RDN Board.

6. No application for adjustment will be accepted after a period of one year has elapsed from the date the water bill was issued. After the termination of this period, all such water rates and charges are deemed to have been properly and correctly made.
**APPLICANT’S NAME:** ____________________________________________  Account No. _____________

**MAILING ADDRESS:** ___________________________________________  Postal Code _____________

**PROPERTY ADDRESS** (if different than above): ___________________________________________

**TELEPHONE:** ____________________  **CELL:** ____________  **FAX:** ______________  **EMAIL:** _____________

- RDN Water Service Area: ___________________________________________________________________
- Cause of Leak: __________________________________________________________________________
- Date Leak was discovered: ____________________  Date repaired: _____________________________
- Repairs done by: _____________________________________________  Meter Reading _____________
