COMMUNICATION/CORRESPONDENCE
MOVED R. Nosworthy, SECONDED B. Smith to receive the following correspondence:

BUSINESS ARISING FROM THE MINUTES
B. Smith advised that written approval from the RDN regarding the support for the Silver Spur
Riding Club’s s.57 Application over the trails on Crown land near Little Mountain had not as yet
been sent. Ms. McCulloch advised that a letter introducing the Silver Spur Riding Club to the
Nanoose First Nation had been drafted. B. Smith declined the offer of an introductory letter and
requested that a letter of support be addressed to the Province of BC in its stead.

Chair Fell suggested that B. Smith await feedback from Ms. Diewold regarding the Errington School
Trail project.
R. Nosworthy requested an update of the Malcolm Park trailhead enquiries by Ms. McCulloch. Ms. McCulloch advised that there had been weekly efforts made to obtain feedback from the present owner but it appeared that obtaining formal permission for the trail encroachment behind the Whiskey Creek store parking lot is not feasible at this time.

MOVED R. Nosworthy, SECONDED A. Jablonski that the trail head to Malcolm Park be located on Redman Road.

CARRIED

REPORTS

Monthly Update of Community and Regional Parks and Trail Projects

Ms. McCulloch referred to the Community Parks and Regional Parks and Trails Projects reports for June, July, August, September, and October, provided to the committee.

R. Nosworthy questioned what was the draft signage plan for Malcolm Park, as it appeared that very few people were aware of this “hidden gem”, the subject of a recent newspaper article. Ms. Marshall advised that MOTI has been resistant to directional road signage. C. Anderson commented that there was, for a period of time, a considerable amount of new garbage on the trail after the Malcolm Park story was published.

R. Nosworthy commented that the trail counter data is not consistent throughout the Reports and Ms. Marshall advised that RDN staff would revisit the accuracy of that data.

B. Smith asked whether there was a River’s Day Celebration in September on Englishman River and Ms. Marshall advised that there was just not enough attendance in previous years to warrant holding this event in 2014.

Arrowsmith Community Trail (ACT) Update

Chair Fell was pleased to report that he had investigated other funding for the ACT project and was able to allocate Community Works Funds for trail building. This money could only be used for the actual design and construction of trails, not for the staff time involved in contracting out the work. Chair Fell met with Joan Michel, RDN Parks and Trails Coordinator and walked the Carrothers and Price trail corridors. A determination is needed on what class of trail should be constructed.

MOVED D. Edgeley and SECONDED R. Nosworthy that there be a subcommittee struck and composed of Chair Fell, R. Nosworthy, D. Edgeley, and E. Billingsley to provide direction on trail development.

CARRIED

Meadowood Community Park Pavilion Update

A. Jablonski advised that Darcy Pickles is overseeing the Pavilion and the roofing and other materials have been obtained. Drawings and permits are in place.
Meadowood School site Community Park Lease

Chair Fell advised that a 10 year minus 2 day lease has been entered into with School District 69 on the 5 acre parcel adjoining the North West side of Meadowood Community Park.

Meadowood Community Park Portables

Chair Fell reviewed the ongoing possible costs of moving and reassembling portables.

MOVED D. Edgeley, SECONDED R. Nosworthy to receive the Reports.

NEW BUSINESS

B. Smith referred to the Community Parks and Trails Strategy Map of Whiskey Creek to Coombs area and asked if there was any movement to develop trails in that area. Chair Fell advised that the priority is to develop the trail system near the Errington School, next Coombs along with Meadowood Park and that there just was not enough population in the western side of Area F to warrant further trail development at this time.

Ms. McCulloch commented on the cost of couriering information to the AREA F POSAC members prior to the meeting, in addition to the email enclosures and delivery of material at the meeting. Only Chair Fell and R. Nosworthy wanted the information couriered at this time, the remainder of the Committee members are satisfied with having the agenda emailed to them with the understanding that they will be provided with a hard copy at the meetings.

IN-CAMERA

MOVED R. Nosworthy, SECONDED E. Billingsley that pursuant to Section 90(1) (e) of the Community Charter the Committee proceed to an In Camera Committee meeting to consider items related to land issues.

ADJOURNMENT

MOVED R. Nosworthy that the meeting be adjourned at 8:02 p.m.

Attn: Jessica McKierahan, Recreation Officer

Dear Ms. McKierahan:

Re: Silver Spurs S.57 Application – Little Mountain Trails FCBC File: ATA No. 117776

This letter is in support of the Silver Spurs Riding Club’s Section 57 Application requesting designation of existing trails in the vicinity of Little Mountain.

The Regional District of Nanaimo Recreation and Parks Department recently completed a Parks and Trails Strategy that recognizes the trails in the area of Little Mountain as being an important part of the recreational trail network within the RDN. One of the top actions identified in the Strategy is to “encourage and support community interest groups to enter into trail building and/or management agreements with the Province for key recreational trails located on Crown land”.

At the June 24, 2014 Regional District of Nanaimo Board Meeting the following resolution was approved:

That the Regional District support the Silver Spur Riding Club and Central Island Back Country Horsemen in their application under Section 57 of the Forest and Range Practices Act to maintain the unmanaged trail system on the Crown Land adjacent to Little Mountain, Errington.

Should you have any questions pertaining to the above resolution, please contact Wendy Marshall, Manager of Parks Services or Elaine McCulloch, Community Parks Planner at 1-888-828-2069.

Sincerely,

Elaine McCulloch

Conservation and ensuring habitat protection is a high priority for all parks. In an effort to remind park visitors that they may see large wildlife while visiting parks, staff produced stickers that will be placed on existing kiosks and signs.
