SUBJECT: 2016 — 2020 Strategic Plan Seminar Session Summary

RECOMMENDATION

That the Board receive the report on the 2016 — 2020 Strategic Plan Session Summary for information.

PURPOSE

To provide an overview of the Strategic Plan Seminar Session held on May 18, 2016 and outline a schedule for the annual review of the Strategic Plan in conjunction with the 2017 — 2021 Financial Plan Schedule.

BACKGROUND

At the regular Board meeting held March 22, 2016 the Board adopted the 2016 — 2020 Strategic Plan. The next steps as established in the Strategic Plan are:

- Assign specific action items under each strategic priority;
- Assign measures and timeframes to these activities so staff and the Board can verify progress towards the strategic priorities; and
- Establish a schedule for the annual review of the Plan, strategic priorities and to identify any changes that need to be made.

The Board Strategic Plan was developed with the intention that it is to be a ‘living’ document that is to be reviewed annually, including measuring progress and reporting on Strategic Plan priorities. On May 18, 2016, Chair Veenhof; Directors Rogers, Young, Fell, Pratt, Haime, Houle, and Westbroek; and Regional District of Nanaimo (RDN) General Managers and Departmental Managers took part in a Strategic Plan Seminar Session to guide staff’s current Workplan into alignment with the Board’s 2016 — 2020 Strategic Plan. Workplan items were assigned to each Board strategic priority and divided into five related groups. Frontline RDN staff with facilitation experience were assigned to a related strategic priority group and supported discussions at each table while Directors and staff periodically rotated through the topic areas.

Each Director and staff member were provided with five green dots and two yellow dots. Green dots signified high priority projects and yellow dots signified low priority projects. The facilitators were tasked with identifying the five Workplan items that were deemed to be highest priority (received the most green...
dots) and four Workplan items that were deemed to be the least priority (received the most yellow dots).
A summary from each table is shown in Attachment 1.

DISCUSSION

Facilitators generally received positive feedback from both Directors and RDN management staff with regards to the May 18, 2016 session to align and rank Departmental Workplans in relation to strategic priorities. However, constructive criticism and comments were received by facilitators on how future sessions can be improved.

Grouping Together Similar Workplan Items as Single Initiatives

All facilitators reported that they received comments that participants at their table thought that similar items should be grouped together so they can be ranked as one project. For example, a list of Workplan items at one table may contain a list of transit projects that are dependent on each other. Therefore, the participants at the table thought it prudent to group the projects together as one entity and rank it all as being of high importance.

Ranking Smaller Projects Against Larger Projects

Facilitators commented that participants at each table engaged in dialogue regarding the difficulty of ranking small projects in comparison to larger projects. Such projects could be considered small or large based on a variety of factors; such as the time required to complete the project, the cost of the project, and whether the initiative was outside of RDN jurisdiction.

Removing Projects Already Underway

Many participants commented that the Workplan items already underway or near completion should not have been included at the session. It created confusion as to whether that item had been started and many felt that it was not constructive to rank an already commenced project as a high priority or a low priority.

Dividing the Workplan Items by Strategic Priorities

Lastly, a general theme of feedback by some participants was that the manner and criteria in which the Workplan items were divided had the potential to create scenarios that arbitrarily inflated the importance of one project in comparison to another. There could be one table that had projects that would be ranked as high importance if all the Workplan items were evaluated together. However, because they were divided into five groups, a project may not appear ranked as high importance if it was assigned to a grouping that contained many projects of high importance.

Staff will consider the feedback received at the May 18, 2016 strategic planning session to refine the next strategic planning session. In accordance with the Strategic Plan, a review of the plan will be used to support RDN financial planning and departmental work programs. The date for the next review will be determined by the Chief Administrative Officer and in conjunction with financial planning.

ALTERNATIVES

There are no alternatives. This report is provided for information purposes only.
FINANCIAL IMPLICATIONS

It is recognized that the Strategic Plan annual review process may result in adjustments to the Financial Plan to reflect changes to the strategic direction of the organization. A Board Strategic Plan review will occur in conjunction with Financial Plan discussions to ensure the Financial Plan is consistent with strategic priorities.

STRATEGIC PLAN IMPLICATIONS

The Board Strategic Plan is the highest level plan for the Regional District of Nanaimo, establishing overall strategic priorities for the organization and guiding the Board’s consideration of actions, financial plans and departmental Workplans. The annual review of the Strategic Plan in conjunction with the Financial Plan and evaluating progress Departmental Workplans helps to determine whether strategic priorities are being met and to align Departmental Workplans with the Board Strategic Plan.

SUMMARY/CONCLUSIONS

The Board 2016 – 2020 Strategic Plan was developed with the intention that it is to be a ‘living’ document that is to be reviewed annually, including measuring progress and reporting on Strategic Plan priorities. A Strategic Plan Seminar Session was held on May 18, 2016 to assist with aligning the 2016 departmental Workplans with the Strategic Plan. The Strategic Plan Seminar Session was generally considered a success and participants provided feedback the facilitators that will be considered in the planning of future sessions.

In accordance with the Strategic Plan, a review of the plan will be used to support RDN financial planning and departmental work programs. The strategic plan review will be held in conjunction with the 2017 – 2021 Financial Plan review. The date for the strategic plan review will be determined by the CAO.

FROM: Tyler Brown
SUBJECT: Federation of Canadian Municipalities — Canada 150 Community Leaders

RECOMMENDATION

That the Board appoint Director Houle as Canada 150 Community Leader from the District 68 area and consider appointing a second Director from the District 69 area to the Federation of Canadian Municipalities Canada 150 Community Leaders network.

PURPOSE

To provide the Board with information regarding the selection of community representatives for the Federation of Canadian Municipalities (FCM) Canada 150 Community Leaders network and recommend that the Board appoint a community representative from the District 68 area and the District 69 area.

BACKGROUND

On September 7, 2016, emailed correspondence was sent from FCM to local governments to inform local governments that they were creating an official network of Canada 150 Community Leaders (see Attachment 1). The purpose of the network is to provide an opportunity for local leaders across the country to inspire civic action and involvement in local community events for the 150th anniversary of Canada. FCM will provide information about Canada 150 events throughout 2017 and hopes the Community Leaders network will allow different communities to share ideas across a nationwide network.

The exact detail of the Community Leaders network is not explicit in available documentation, but it is clear that FCM is suggesting the use of social media handles and hashtags to promote both the network and Canada’s 150th anniversary. One or more individuals in a community can be identified as a Canada 150 Community Leader and this may include Board Directors or prominent community representatives. FCM encourages the submission of Community Leaders by October 15, 2016 but will accept submissions until early December. Staff have been advised that Director Houle has expressed an interest in representing the RDN as a Community 150 Leader.

DISCUSSION

When considering who to name as Community Leaders, FCM suggests reflecting on the Canada 150 themes:

- Engaging and inspiring youth, by looking to youth or youth leaders,
- Diversity and inclusion, by ensuring balance of diversity in your selection,
- Our environment, by looking to those that are building a sustainable community,
- National reconciliation, by ensuring indigenous leadership is represented.
If the Board chooses to appoint Community Leaders, staff recommend that at least two individuals are selected with one representing the District 68 area and the other representing the District 69 area. Appointing an individual for each area would provide more local representation to each area while establishing multiple connections between the Regional District and the Community Leaders network. Given Director Houle’s interest, staff recommend that he is designated the representative from the District 68 area.

ALTERNATIVES

1. Appoint representatives to the FCM Canada 150 Community Leaders network.

2. Not appoint representatives to the FCM Canada 150 Community Leaders network.

FINANCIAL IMPLICATIONS

There are no immediate or obligatory financial commitments for the Regional District as a result of appointing a representative as a FCM Canada 150 Community Leader. Community Leaders may be required to attend events and there may be travel or other costs associated with attendance. As events and other potential costs are not currently known, they would have to be evaluated as they arise.

STRATEGIC PLAN IMPLICATIONS

Staff have reviewed the 2016 – 2020 Board Strategic Plan and note that the FCM Canada 150 Community Leaders network is consistent with the RDN strategic priority of focusing on relationships as it is an opportunity to advance our region by working with and learning from other governments through FCM.

SUMMARY/CONCLUSIONS

Correspondence was received from FCM inviting local governments to appoint representation to a newly created Canada 150 Community Leaders network. The purpose of the network is to provide an opportunity for local leaders across the country to inspire civic action and involvement in local community events for the 150th anniversary of Canada. A Community Leader will liaise between FCM and other communities and the local government that appoints them with regard to events and initiatives for the 150th anniversary of Canada. As there are no obligatory financial costs and multiple appointments can be made to the Community Leaders network, staff recommend that the Board appoint Director Houle as a Canada 150 Community Leader from the District 68 area and the Board consider the appointment of a second representative for the District 69 area to the Federation of Canadian Municipalities Canada 150 Community Leaders network.
Dear Mayor and Members of Council,

The Federation of Canadian Municipalities (FCM) is creating the official network of Canada 150 Community Leaders which presents a unique opportunity for local leaders across the country to get involved in the 150th anniversary of Confederation.

We are launching the Canada 150 Community Leaders network with an invitation to designate one or more leaders from your municipality. These individuals will serve as your local representatives at Canada 150 events in your community, as a touchpoint to share Canada 150 information and inspiration, and to be members of a legacy network that extends well beyond 2017.

A member of council can become a Community Leader or a prominent community representative can be identified. You can also choose more than one individual, ensuring a strong representation from your municipality.

To help you identify a community leader we have developed the Canada 150 Community Leader web page at www.fcm.ca/Canada150. There you will find additional information and a form to submit your Community Leader's name.

I encourage you to review the information and to submit the name of your Community Leader in one of the following ways:

- Complete the online form.
- Send us an email with the name of your Community Leader and their contact information.

Please send us the name(s) of your Community Leader(s) by October 15.

We hope you will join us in bringing municipal voices to the forefront for the year-long celebrations, and for years to come.

Sincerely,

Clark Somerville

SUBJECT: Disposition of Regional District of Nanaimo Owned Property 
Lot A, District Lot 123, Nanoose District, Plan VIP58761 
City of Parksville

RECOMMENDATIONS

1. That staff be directed to proceed with the transfer of the Regional District of Nanaimo owned parcel in the City Parksville, legally described as Lot A, District Lot 123, Nanoose District, Plan VIP58761, to the City of Parksville for $1.00.

2. That staff be directed to proceed with a notice of proposed disposition pursuant to Section 286 of the Local Government Act for the transfer of the Regional District of Nanaimo owned parcel, legally described as Lot A, District Lot 123, Nanoose District, Plan VIP58761, to the City of Parksville.

PURPOSE

To consider the transfer of a Regional District of Nanaimo owned parcel within the Parksville municipal boundary to the City of Parksville.

BACKGROUND

The Regional District of Nanaimo (RDN) has received communication from City of Parksville staff that the RDN owns a small parcel of land within the City of Parksville. The subject property, legally described as Lot A, District Lot 123, Nanoose District, Plan VIP58761, is uniquely shaped, approximately 0.6 acres in area, and bordered by Industrial Way to the south west and Highway 19A to the north east (see Attachment 1 – Subject Property Map). The subject property does not contain any buildings or structures but was recently accidently cleared by the owner of the neighbouring parcel.

The parcel was formally part of Electoral Area ‘G’ and created through negotiations as part of RDN Development Application No. 155. The application was to amend Englishman River Official Community Plan and the zoning to permit an industrial service and repair operation. The subject property was created and transferred to the RDN to ensure a buffer between the industrial use and Highway 19A. The planning records were transferred to the City of the Parksville as a result of the municipal boundary expansion under Order in Council 1577 (effective December 31, 1995). City staff have indicated that the planning records were destroyed after their file was closed in 1997.
DISCUSSION

Typically planning files and public assets obtained through development applications, such as parkland, are transferred to the municipality at the time of a municipal boundary expansion. With regard to the subject property, as it was intended to serve as a buffer between the industrial development and the Highway 19A, it was not dedicated as park land. As such, the subject property was overlooked at the time of municipal boundary expansion.

Pursuant to Section 285 (2) of the Local Government Act, A Regional District Board may dispose of lands to a public authority without making the lands available for public acquisition. As the lands were intended for public ownership and obtained through a development application to serve as a buffer between the Inland Highway 19A and nearby industrial development, and that the lands were overlooked when the subject property was absorbed into the City of Parksville, staff recommend the lands be transferred to the City of Parksville for one dollar.

Pursuant to Section 286 of the Local Government Act, a notice of disposition must be placed in a newspaper and the notice must include:

- a description of the land or improvements;
- the person or public authority who is to acquire the property under the proposed disposition;
- the nature and, if applicable, the term of the proposed disposition; and
- the consideration to be received by the regional district for the disposition.

ALTERNATIVES

1. To direct staff to proceed with the transfer of the subject property to the City of Parksville and the notice of proposed disposition pursuant to Section 286 of the Local Government Act.

2. To receive this report and provide alternate direction to staff.

FINANCIAL IMPLICATIONS

The subject property has a 2016 assessment value of $57,000. As the land is tax exempt and was assumed to have been under the City of Parksville ownership, there are no negative implications to the RDN 2016 — 2021 Financial Plan as a result of transferring ownership of the subject property to the City of Parksville.

STRATEGIC PLAN IMPLICATIONS

Staff have reviewed the proposed transfer of land to the City of Parksville and note that the transfer will be in keeping with the 2016 – 2020 Board Strategic Plan priority of Focusing on Relationships by communicating and working with the City of Parksville to correct a longstanding error.
SUMMARY/CONCLUSIONS

The RDN has received communication from City of Parksville staff that the RDN owns a small parcel of land within the City of Parksville. The parcel is oddly shaped and was created through a RDN development application to serve as a buffer between industrial development and Highway 19A. Previously located in Electoral Area ‘G’, the subject property and surrounding lands were incorporated into the City of the Parksville as a result of the municipal boundary expansion under Order in Council 1577 (effective December 31, 1995). Due to the configuration of the parcel, the land has low practical or financial value. As such, staff recommend the land be transferred to the City of Parksville for one dollar pursuant to Section 285 (2) of the Local Government Act, and a notice of disposition must be placed in a newspaper pursuant to Section 286 of the Local Government Act.

SUBJECT: Update Regarding Strategic Initiatives and Relations with First Nations in the Region

RECOMMENDATIONS

That this report be received for information.

PURPOSE

To inform the Board of ongoing and upcoming strategic initiatives with Qualicum First Nation, Snaw-Naw-As First Nation, Snuneymuxw First Nation, Stz’uminus First Nation and K’ómoks First Nation.

BACKGROUND

The Regional District of Nanaimo (RDN) typically has both operational and political relationships with different First Nations in the region and communications occur at both the political and staff level. In line with the RDN 2016-2020 Strategic Plan, there are several ongoing and upcoming initiatives at the political level that aim to further collaboration between the RDN and First Nation governments in the area. On November 27, 2015, the RDN Board passed the following motion:

That staff be directed to hold a Board Seminar to examine those recommendations arising from the Truth and Reconciliation Commission that the Regional District of Nanaimo will act on in a meaningful manner, and the Chiefs of Snuneymuxw, Snaw-Naw-As, Qualicum, Stz’uminus and K’ómoks First Nations be invited to attend.”

On May 24, 2016, the RDN Board passed the following motion:

That staff be directed to invite the Snuneymuxw First Nation, Snaw-Naw-As First Nation and Qualicum First Nation to discuss how to use $30,000 allocated by the Board in the 2016 Regional District of Nanaimo Budget for a First Nations Art Installation Project at the Regional District of Nanaimo Administration Building. This discussion would include consideration of the project concept and the decision making process to select art work(s).
On June 28, 2016, the RDN Board passed the following motion:

That staff be directed to engage with Snow-Naw-As First Nation and Snuneymuxw First Nation with regard to organizing a Community-to-Community Forum with each First Nation to discuss topics of mutual interest.

This report serves to update the Board with respect to these three motions.

DISCUSSION

Qualicum First Nation

Over the last year the Regional District of Nanaimo and Qualicum First Nation have worked to establish a Cooperation Protocol between the two parties. The Cooperation Protocol was officially signed on July 26, 2016. The Cooperation Protocol calls for the creation of a Working Group, consisting of two appointees from Qualicum First Nation Council and two from the RDN Board. Chairperson Veenhof appointed himself and Director Westbroek to sit on the working group.

The task of the Working Group is to develop an Action Plan based on the priorities identified in the appendix of the Cooperation Protocol. The priorities identified are diverse and include service contract opportunities, cooperative programs, and other items of mutual interest such as grant applications, promoting tourism and assisting each other in accessing provincial resources. The Action Plan is to include priority action items, project accountability by establishing project managers or champions, and set timelines. The Action Plan will be developed by the Working Group will be reviewed at a future joint meeting between the full Council and Board. There are no timelines or frequency of meetings of the Working Group noted in the Cooperation Protocol. Therefore, it is assumed that the Working Group will establish the frequency in which they meet and staff will be able to provide logistical and administrative support as required. It is anticipated that the Working Group will meet soon to discuss the Action Plan which will set priorities and assign project leads for joint initiatives between Qualicum First Nation and the RDN.

With regard to discussing the calls to action of the Truth and Reconciliation Commission of Canada at a Board Seminar, a letter was sent to Chief Recalma on September 26, 2016, inviting him to attend the seminar scheduled for November 15, 2016. The $30,000 allocated by the Board in the 2016 Regional District of Nanaimo Budget for a First Nations Art Installation project at the RDN Administrative Building can also be discussed at the meeting.

Snaw-Naw-As First Nation

A meeting between representatives of the RDN and representatives of Snaw-Naw-As First Nation was held on March 8, 2016. The meeting was attended by Chief Brent Edwards and Snaw-Naw-As First Nation staff member Mark Stephens; Chairperson Veenhof, Director Rogers, Director Fell, and Director Haime; and RDN staff. A variety of topics were discussed at the meeting, with a focus on the potential for solid waste collection service and conventional transit service for the Snaw-Naw-As reserve lands. Several follow-up meetings were held between RDN staff and Snaw-Naw-As staff to discuss the items further.

Building off the March 8, 2016, meeting, a grant application was made to the Union of British Columbia Municipalities (UBCM) Community to Community (C2C) Forum program. Snaw-Naw-As First Nation provided a letter of support for the application and the RDN successfully received approval in principle for
up to $2,500 to host a meeting or meetings between the RDN Board and Snaw-Naw-As First Nation Council. A formal invitation was sent from Chairperson Veenhof to Chief Edwards on September 26, 2016, inviting Snaw-Naw-As Council to meet with the RDN Board to discuss items previously discussed and other opportunities for joint initiatives. RDN staff have had regular communications with Snaw-Naw-As staff with regard to the items discussed at the March 8, 2016 meeting, and are discussing a potential date for a C2C forum meeting between the RDN Board and Snaw-Naw-As Chief and Council to discuss those items further, and any other items identified, at the political level.

A separate letter was sent from Chairperson Veenhof to Chief Edwards on September 26, 2016, with respect to discussing the calls to action of the Truth and Reconciliation Commission of Canada at a Board Seminar scheduled for November 15, 2016. As stated previously, the $30,000 allocated by the Board in the 2016 Regional District of Nanaimo Budget for a First Nations Art Installation project at the RDN Administrative Building can also be discussed at the meeting.

**Snuneymuxw First Nation**

With Snuneymuxw First Nation support, a grant application was made to the UBCM C2C Forum program. The application was successful and approval in principle for up to $2,500 to host a meeting or meetings between the RDN Board and Snuneymuxw First Nation Council was granted. A protocol agreement not currently being utilized was established on June 18, 2009, between the RDN and Snuneymuxw First Nation. As there are numerous operating relationships between the two parties, Snuneymuxw First Nation staff and members of their Negotiating Committee have expressed interest in establishing a proper engagement process between the two governments as being a priority. A formal invitation was sent from Chairperson Veenhof to Chief Wesley on September 26, 2016, inviting Snuneymuxw First Nation Council to meet with the RDN Board to discuss increasing communication and collaboration between the two governments on items of mutual interest, and determining the status of the previously established engagement protocol. Snuneymuxw First Nation staff and RDN staff have been communicating regarding the C2C forum funding and a potential date for a meeting between the RDN Board and Chief and Council.

A separate letter was sent from Chairperson Veenhof to Chief Wesley on September 26, 2016 with respect to discussing the calls to action of the Truth and Reconciliation Commission of Canada at a Board Seminar scheduled for November 15, 2016. As stated previously, the $30,000 allocated by the Board in the 2016 Regional District of Nanaimo Budget for a First Nations Art Installation project at the RDN Administrative Building can also be discussed at the meeting.

**Stz’uminus First Nation**

With regard to discussing the calls to action of the Truth and Reconciliation Commission of Canada at a Board Seminar, a letter was sent to Chief Elliot on September 26, 2016, inviting him to attend the seminar scheduled for November 15, 2016.

**K’ómoks First Nation**

With regard to discussing the calls to action of the Truth and Reconciliation Commission of Canada at a Board Seminar, a letter was sent to Chief Everson on September 26, 2016, inviting him to attend the seminar scheduled for November 15, 2016.

**ALTERNATIVES**

There are no alternatives. This report is provided for information purposes only.
FINANCIAL IMPLICATIONS

There are costs associated with Working Group meetings with Qualicum First Nation which would be paid in accordance with Board policies. Grant funding has been approved in principle by UBCM through their C2C Forum program for expenses of meetings held between the RDN Board of Directors and the Chiefs and Councils of Snuneymuxw First Nation and Snaw-Naw-As First Nation. Up to $2,500 was approved for meetings with each First Nation.

Further, RDN costs related to Director meeting expenses and First Nations relations are funded through the Legislative Services annual requisition. Regional District of Nanaimo’s staff can provide coordination and administrative support to the Working Group meetings with Qualicum First Nation, the Truth and Reconciliation Board Seminar and the C2C Forums out of the existing departmental budgets.

STRATEGIC PLAN IMPLICATIONS

Staff have reviewed the 2016 – 2020 Board Strategic Plan and note that the Board’s initiatives with First Nations in the region is consistent with multiple strategic priorities.

The Cooperation Protocol is consistent with the strategic priorities of Focusing on Governance and Focusing on Relationships as the addition of a Qualicum First Nation representative as a non-voting member of the Board changes the Board composition to better reflect the changing relationships between regional communities and integrates Qualicum First Nation input at the Board level in future service delivery planning. Further, the Working Group established in the Cooperation Protocol is consistent with governing principle Working Effectively as a Team, as the Cooperation Protocol supports collaboration across jurisdictions while also promoting dialogue based on mutual interests, understanding and respect.

Community to Community Forums with Snuneymuxw First Nation and Snaw-Naw-As First Nation, the Truth and Reconciliation Board Seminar, and funding for First Nations art are consistent with the strategic priority of focusing on relationships as it is an expression of valuing the relationships with each different First Nation and receiving input with regard to future planning and service delivery. Furthermore, the C2C Forums allow opportunity for the Board to form partnerships with Snuneymuxw First Nation and Snaw-Naw-As First Nation to collectively advance our shared region.

SUMMARY/CONCLUSIONS

The RDN has ongoing strategic initiatives with Qualicum First Nation, Snaw-Naw-As First Nation, Snuneymuxw First Nation, Stz’uminus First Nation and K’ómoks First Nation. This report serves to update the Board with regard to these initiatives.

A letter was sent from Chairperson Veenhof to each of the five First Nation Chiefs on September 26, 2016, with respect to discussing the calls to action of the Truth and Reconciliation Commission of Canada at a Board Seminar scheduled for November 15, 2016. The $30,000 allocated by the Board in the 2016 Regional District of Nanaimo Budget for a First Nations Art Installation project at the RDN Administrative Building can also be discussed at the November 15, 2016 meeting.

A letter from Chairperson Veenhof has also been sent to the Chiefs of Snaw-Naw-As First Nation and Snuneymuxw First Nation as formal invitation to their Councils to participate in a C2C Forum with the RDN
Board. Each forum will provide opportunity to discuss engagement strategies and other items of mutual interest between the RDN and each of the First Nation governments.

Stemming from the requirements of the recently signed Cooperation Protocol between Qualicum First Nation and the RDN, a Working Group between the two governments is currently being established to develop a joint Action Plan based on the priorities identified in the appendix of the Cooperation Protocol. It is anticipated that Working Group will meet soon to discuss the Action Plan which will set priorities and assign project leads for joint initiatives between Qualicum First Nation and the RDN.
