Notice to Residents:

Re: Noise Bylaw Exemption for August 8, 2019 for North America Construction (1993) Ltd. (NAC) is constructing the Secondary Treatment Upgrade Project for the Regional District of Nanaimo's Greater Nanaimo Pollution Control Centre at 4600 Hammond Bay Road. Scheduled activities require early morning work to complete mechanical installations in the sewage channels by early afternoon.

The City of Nanaimo has granted NAC a Noise Bylaw exemption to complete related works for this system between the hours of 5:00am and 4:00pm on August 8, 2019. Neighbouring residents may notice noise and light during this time.

We foresee this work to be minimal and not take up the entire period we are requesting. Construction work will involve use of pumps, hydrovac, hand tools, and a telehandler.

While we may request future Noise Bylaw exemptions, we will make efforts to keep construction activities within the regular construction hours. Please call me to discuss if you need any further information. I may be reached at 250-751-4262 ext. 22.

Thank you,

Phillip Longo
